1. The following is an examiner's statement of reasons for allowance:
2. The claims distinguishes over the prior art whereby in the art of an electrical food blender with a driven blender knife, the particular construction of having combination of a handled blender jar with ribs in cooperation with a symmetrical body whereby there is a curved profile which curves outwardly and then inwardly from the lower end to the spouted upper end having the corresponding cross sectional geometry of the first value, 2nd maximum value and third value as recited in the claim. Upon reconsideration of the prior art, such a combination of such individual geometrical elements as found in the prior art and proposed to be brought together would be gleaned into a combination of an invention with the benefit of impermissible hindsight. The examiner agrees with applicant's remarks of page 4, lines 1-7, filed 5/25/2006.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
